

## TESTIMONIALS FROM PARENTS

Hi Little League

Our son just came home Sunday from Bangkok, very tired but also very happy. It has been a great trip and a great arrangement, so we would like to say a big huge THANK YOU every body for this fantastic adventure you have given our son. We are newcomers in Singapore and Malte, our son, does not speak fluent English yet, so I, as a mom, was a bit nervous how he would be on his own in Bangkok, but once again thanks for taken god care of him. Douglas, Darren, Matt and Owen thanks for your big effort into this. And a big thank you to Doreen as well for organizing and sending us emails with all the details.

Actually we would like to say that you are a great coach team with our kids. Malte is having so much fun training football with you but also he is improving in his football skill. He is looking forward to every Tuesdays practice. Therefore we are very happy for him joining the Little League. THANKS.

Best regards

Hanne and Anders Madsen

Hi Everyone!

Thanks for your email.....and a BIG BIG thanks to Doreen for organizing everything from Singapore so well and keeping us all informed and coordinated through email....

We had a great time at the Bangkok tournament. Please let the coaches know how much we appreciate all that they did for ALL of us (parents and kiddos). From the time we met at the airport, things ran so smoothly and were so well organized and well supervised that there was really nothing left for us to do but cheer for the teams and enjoy a weekend in Bangkok! Being parents, we know how much work it is to get TWO kids organized and where they are supposed to be...these guys managed to make it look easy doing it for about 100 kids with luggage (OK..there weren't 100, but when they were moving fast it seemed like about 100...). Even when we knew they HAD to be tired, they managed to keep things running smoothly. Their patience and comraderie made all the difference to the kids....I know they all had such a good time...

We have always recognized how fortunate Jean-Philippe is to be trained by coaches like Douglas, Matt, Owen, Darren, and John, but seeing all of our Little League Singapore teams together in Bangkok really showed what a difference good coaching can make. Children learn more from what they are shown than from what they are told. Our kiddos showed us through their interactions with each other (and the other teams) that for Little League Singapore, fair play, sportsmanship, and team spirit are not just words in a mission statement, they are ideals taught to the kids through the words and actions of their coaches on and off the pitch.

We cannot thank his coaches enough.....Jean-Philippe has not only learned more about the game he loves, he has made new friends, gained confidence, and has been taught that it is possible to play hard and play to win while playing fair.

Jean-Philippe is already talking about the next tournament.....and so are we.....

Cheryl and Jean-Luc

Hello Doreen,

Please forward my thanks to all of those involved organizing a fantastic tournament trip to Bangkok. And special thanks for coaches for hosting the trip & looking after the teams.

A couple of photos attached and full set burned on CD to be given to coach later today.

Cheers

Jukka

Dear Doreen,

Please can you pass this message to the powers that be in your organisation.

I would like to send my thanks and compliments to Little League for a well organised and enjoyable trip to Bangkok. Although no trophies came home, I have to say that Coaches Owen, Matt and Douglas did a fine job managing the trip and looking after their teams! It was a tough tournament for some of the younger boys, but all a good character building experience. The trip to Dreamworld was a great fun day that they boys certainly seemed to thoroughly enjoy.

With many thanks,

Deirdre Lew

Thanks to all the coaches, Alex had a wonderful time although not sure he got much sleep!

He is already planning his next away trip!!

regards

debbie
